What does transparency mean in the health and social care sector?

The background on the left side of the slide features two overlapping, semi-transparent light blue shapes. The top shape is a large, irregular polygon, and the bottom shape is a smaller, more triangular form. Both have a fine, stippled texture.

Why this matters

# Identifying harms

- Individual
- Societal

# Case Study

Man holding hands out looking confused

# Themes

- How do we develop transparency information?
- How do we provide transparency and privacy information?
- How do we assess if we are being transparent?

# Public consultation

---

- 38 responses
- Published responses
- Summary
- Key themes

# Your experience

---

- How have you developed transparency information?
- How have you provided this?
- How do you assess and review effectiveness?

Decorative

# Impact

- Have you taken any action in your organisation as a result of the guidance?
- What have you done or will do differently?
- Impact Survey
