

Senior Leadership Team – minutes 2 March 2020

Details of attendees are provided at the end of the minutes.

1. Introductions and apologies

Apologies for absence were received from Jen Green.

2. Draft budget 2020/21

Discussion

SLT discussed the high level business cases to be funded as part of the 2020/21 budget.

Decision

SLT agreed to recommend to ET that it was more beneficial to focus the available resources on the business cases which were most fundamental to mitigating the ICO's risk.

SLT will collectively review existing vacancies to determine whether additional savings can be made.

All other business cases will be reviewed on a quarterly basis for potential funding.

All other business cases should also be reviewed by authors to try to determine ways that they can be self-funding (e.g. in year invest-to-save, using internal resources, or prioritising over work within the Directorate).

3. Any other business

There were no items of other business.
