

Senior Leadership Team – minutes 31 March 2020

Details of attendees are provided at the end of the minutes.

1. Introductions and apologies

Apologies for absence were received from Paula Hothersall.

2. Prioritisation and resourcing of work

Discussion

To set the context for this item, Andrew Hubert gave an update on the ICO's financial position for 2020/21, in the context of COVID-19.

Andy White explained that the purpose of the meeting was for SLT to review the proposed priority work to ensure it was appropriately prioritised and to identify the level of resources and skills required to deliver that work, ahead of consideration by a joint ET/SLT meeting on 3 April.

Decisions

SLT agreed that this prioritisation should be reviewed after 6 months, although emerging issues should be referred to SLT as appropriate.

Attendance
