

The best interests of the child roadmap

1

Understand rights

Understand the rights of the child, consider how your service could positively support or pose risks to these rights.

2

Identify impacts

Understand how, why and when your service processes children's data and identify potential impacts to the rights of the child.

3

Assess impacts

Consider the likelihood and severity of potential impacts on the rights of the child.

4

Prioritise actions

Deliver an action plan for upholding children's rights.
